D. Model letter

Dear Director,
I am writing to report a concern about the first aid kit in the electrical workshop. During a recent check, I noticed that several important supplies were missing. An incomplete kit may delay an appropriate response when assistance is needed. I would be grateful if the responsible team could inspect the kit and replace the missing supplies promptly. Please also consider arranging regular checks so that the kit remains ready for use. Could you let us know when this action has been completed? Thank you for your attention to this matter and for supporting a safe learning environment.
Yours faithfully,
Hamid Al Salmi
